
Acuity at Home

Families~

We are encouraging our students to practice Acuity at home. the tutorials have been assigned to each child based on the results of their Acuity test and individual needs.

Students are asked to complete a minimum of 8 tutorials at home during the week and return the check sheet to school on Friday with a parent signature. There must be **both** math & language tutorials completed each week.

It is very beneficial if you will sit down with your child and work on these tutorials. Please DO NOT give them the answers, but guide them if needed. Remember these tutorials were designed to prepare for ISTEP. Last round: April 28th – May 2nd.

If you do not have Internet access at home, please bring this to my attention. We have before school Acuity Camp. You may also be able to utilize the Internet from the library and/or extended family members.

At the end of the week, students who have completed the 8 required tutorials for the week, will receive a treat from me as well as receiving a Star Ticket. *Extra treats and Star Tickets for completing more than the minimum.

Use the following ACUITY log in information:
