

# FRIENDLY LETTER SONG

(to the tune of "Eency Weency Spider")

I am a friendly letter.  
My heading's at the top.  
Slide over to the right to  
Write the date & then I  
stop.

And then I put "Dear  
Someone" with a comma (,)   
at the end.

Next I go write the body,  
My message to my friend.

I choose a closing like "Your  
Friend" or "Love" forever  
more.

I end it with a comma (,) of  
That I'm very sure.

I sign my first & last name  
And now I'm at the end.  
And my perfect friendly  
letter,  
I'm ready now to send!
