

Famous Hoosier Project

Dear Parents,

It is time to start the Famous Hoosier Research Project also known as the Wax Museum Project. Your child will select the famous Hoosier that he or she is interested in researching. Please record several choices on the attached page. We will try to give your child the first or second choice if possible.

We have selected over 90 famous Hoosiers to choose from on the attached pages, and we have research articles already linked on our websites. Visit www.mrswarnerarlington.weebly.com or www.mrspedigoarlington.weebly.com and look under Indiana History/Wax Museum Research to find articles to print out. If you are able to print out articles and photos from home, this will help us get started more quickly with the project here at school. Students will take turns in class and/or use computer lab time to print articles and photos at school as well.

Your child will take research notes, write a report, create a display board, and write a short speech where the famous Hoosier comes to life during the Wax Museum. Students will need to dress in character and/or have props for the speech. Mark your calendars for Monday, May 14th. We plan to view the Wax Museum in our cafeteria. All family members are welcome to come. We will let you know your child's speech time soon.

Sincerely,

Mrs. Warner & Mrs. Pedigo
